

Your round

臺灣高爾夫俱樂部球場 · White tee

You finished with 81 (+10). You made 10 pars, 6 bogeys, 2 double bogeys. 8 holes finished over par, adding 10 strokes above par. The model rated your overall shot plans as sound. 15 recorded shots did not match their plans. The model flagged the starting line on 11 of 26 putts. Review those putting plans even when their overall decision grades were sound.

Summary statistics

- Shots that missed their target window: **15 of 74 graded shots**.
- Shots with a planning concern to review: **11 of 74 graded plans**.
- Shots appearing in both groups: **0**.
- Different shots to review in total: **26**.

A small miss from the exact target is not automatically a failed shot. These counts identify shots to review, not strokes lost.

Rough opportunity toward par

- Over-par strokes on holes with missed shots: **8**.
- Over-par strokes on holes with planning flags: **5**.
- Potential room toward par across these holes: **9 strokes**, counting each hole once.

These are rough score-based opportunities to review, not predictions of strokes you will save. The same hole can contain both execution and planning issues, so the two figures cannot simply be added.

What to keep doing

The model gave credit for miss planning on 44 of 48 non-putting shots. Keep thinking about where a miss could finish when choosing your target.

What happened

Hole 9: Double bogey (6 on par 4). Shots 2, 3, 4 did not match their plans. Those plans were rated sound.

- Shot 2, Driver: finished in light rough, 27 yards from the cup.
- Shot 3, Lob Wedge: finished in light rough, 27 yards from the cup.
- Shot 4, Lob Wedge: finished on the fairway, 8 yards from the cup.

Hole 17: Double bogey (5 on par 3). Shots 1, 2 did not match their plans. Those plans were rated sound.

- Shot 1, 4 Hybrid: finished in rough, 14 yards from the cup.
- Shot 2, Lob Wedge: finished on the green, 7 yards from the cup.

Hole 11: Bogey (5 on par 4). Shots 2, 3 did not match their plans. Those plans were rated sound.

- Shot 2, 5 Hybrid: finished on the fairway, 27 yards from the cup.
- Shot 3, Sand Wedge: finished on the green, 5 yards from the cup.

Your next step

Compare the flagged putts with the modeled starting line before changing your routine.

Review with a coach

This report shows where to look. A qualified golf coach can help you understand why it happened and decide what to work on next.

About this review

These are assessments from a simulated round. They do not establish a real-world swing fault, club problem or exact strokes lost. The detailed JSON preserves the recorded shot grades and includes evidence references and consistency checks.

The score includes 7 conceded finishing putts. Those strokes are not separate graded shot decisions.
